About the Pine Project

The Pine Project is Ontario's leading nature connection organization! We offer year-round nature connection programs for people of all ages in Toronto and the surrounding area, including Outdoor School, March Break programs, and highly sought-after summer camps. Each year we engage with over 1,500 children, teens, families and adults. Our programs foster confidence, competence, resilience and a deep relationship with nature in a way that is hard to achieve in more conventional learning environments.

By helping children connect to nature and teaching adults to do the same, we inspire children to respect, cherish, and care for the Earth. We are empowering the next generation of environmental stewards, problem solvers and leaders. Check out our website – pineproject.org – for more info.

Position Summary

The Pine Project is seeking a Tripping Guide to lead our Voyageur canoe trip. The Voyageur program is for 15-year-olds and is the first step in our leadership process. The Voyageur program is part of Red Wolf Overnight Wilderness Camp. Unlike many overnight camps, Red Wolf Overnight Wilderness Camp takes place in a backcountry setting, with campers and staff living in tents, cooking over open fires, and living in harmony with the land. This is an exciting opportunity for individuals with strong canoe-tripping background and outdoor education experience (particularly backcountry/adventure programming). The Red Wolf Tripping Guide will mentor campers in planning and packing for an expedition while at our base camp in Haliburton, lead campers on a multi-day overnight canoe trip while ensuring boat and water safety, and support campers' skills in wilderness survival, paddling, portaging, and living off the land.

This position is all about delivering high-quality programs creatively and effectively to advance our mission and vision of a world where healthy people care for themselves, others and the natural environment.

- Trip wrap up including cleaning, sorting and drying equipment as well as debriefing trip
- Facilitate positive learning and recreational experiences in nature with campers
- Lead program planning, development, and prep/debrief meetings
- Mentor fellow staff in skill building and in taking on new roles to develop as a staff member
- Encourage camper development at their own pace recognizing their achievements
- Respond appropriately when addressing challenging camper behaviours as they arise
- Be prepared to work and live outdoors in all weather conditions
- Act in the best interest of all campers and staff in attendance
- Willingness to continuously learn relevant knowledge and skills related to program content and curriculum
- Familiarize yourself with and abide by all policies and procedures including, but not limited to, the staff handbook and emergency plans.

The Pine Project understands that the cost of certifications can be a barrier to accessing employment in the outdoor industry. About you:
