About Us

The Pine Project is Ontario's leading nature connection organization. We offer year-round nature connection programs for people of all ages in Toronto and the surrounding area. Our programs foster confidence, competence, resilience and a deep relationship with nature in a way that is hard to achieve in more conventional learning environments. By helping children connect to nature and teaching adults to do the same, we inspire children to respect, cherish, and care for the Earth. We are empowering the next generation of environmental stewards, problem solvers and leaders. Check out our website – pineproject.org – for more information.

We are committed to promoting equity and diversity within our workplace and greater community. We are especially excited to see applications from members of equity-deserving groups, particularly people from racialized backgrounds.

About this Role

The Pine Project is seeking Instructors to join our Red Wolf Overnight Wilderness Camp team. Unlike many overnight camps, Red Wolf Overnight Wilderness Camp takes place in a backcountry setting, with campers and staff living in tents, cooking over open fires, and living in harmony with the land. This position is ideal for individuals looking to gain experience in leadership, teaching and working with kids, all while developing their naturalist and wilderness skills, spending days outside, and having a really great time. This job takes place in an overnight backcountry setting.

As an Apprentice, you'll earn valuable experience in our unique mentoring approach, develop your wilderness skills and proficiency, and have the opportunity to learn in-depth naturalist skills from our experienced staff. You'll gain entry-level work experience, references, and a ton of transferable skills and knowledge to further build up your resume.

Key Position Responsibilities

- Help to provide positive learning and recreational experiences for campers ages 7-14
- Support groups of up to 12 campers along with Lead and Assistant Instructors
- Support and participate in program planning, development, and prep/debrief meetings
- Participate in a staff training week and a camp take-down weekend
- Support camp culture by participating in skits, songs, and games
- Assist in the delivery of nature crafting skills including wood carving, shelter building, basket weaving and more
- Support staff in all areas of campsite management (set up tents, cooking over fire, supporting hygiene and safety protocols)

The Pine Project understands that the cost of certifications can be a barrier to accessing employment in the outdoor industry. If you identify as a member of a disadvantaged or marginalized group, or have faced other systemic barriers to accessing employment, we may be able to subsidize one or all of the required certifications.
